

random summary of the previous one

Can you give me a chance to apologize? Have dinner here and stay for the night

Since an adult broke the door and fell from the tree, leaving you two with bad memories

Anyway  
Since it suddenly turned out like this

Since we're at different schools, you should be here already

But I don't want it to be like this

Or what about you sleep with it tonight

Since it feels like it's the girl's feeling

Wait, That expression of 'If you say no then you'll let the other side down so bear with it' is too evil... How can I refuse?

If some-  
one feels the  
same  
when  
holding  
a girl's  
hand and  
a man's,  
he must  
be abnor-  
mal or his  
heart has  
collapsed!!

Why? You can  
hold hands  
with my  
daughter  
but not me!

Waaa

Let go!  
What  
are you  
doing?!

I'll call...  
I'll call  
your  
wife!

Then how  
about we  
swap places  
And I  
sleep in  
the middle

Em...  
Is it  
okay?

But  
(this  
guy will  
insist  
that I  
sleep on  
the sofa)  
We can't,  
Ib

This  
is  
fine  
too

tightly

Dad  
↓  
Ib  
↓  
Gorry

This  
guy's  
gaze  
is so  
scary

You  
didn't  
do  
any-  
thing,  
right?

Say,  
you're  
Ib's  
friend,  
right?

Each kid will grow up and convey their feelings, and they'll reflect after experiencing regrets and failures

They learn and grow this way

When she's a kid, it's the right time to let her convey her feelings. When she grows up she'll have to learn to be patient!

Th... there's nothing like that! Though there's says that won't qualify

I... feel my duty has been taken over... I'm not willing to... I really didn't qualify as a father

Ac... actually me and

But just now she told you her feelings openly

She's always patient from the start

She doesn't know when to get angry. We've worried that she might grow into a distorted adult

Both me and Ib had scary things, a lot of things or feelings we couldn't convey

in that gallery, we met  
Though we're fine

Though it's hard to believe, but we

But we moved on firmly

That could be a turning point

She should be able to openly say that she loves mum and dad

Everyone around her cares about her, so don't worry

It is a smart kid by nature

However can't sum it up properly...

Garry...

touches

Why, all of sudden?

thump

Then  
after  
that,  
can we

Can  
we  
sleep  
together?  
Once in a  
while  
should  
be fine.

The details have been omitted, however 5 years later Gary will be regretting this, 7 years later Gary will withdraw his proposal, 8 years later he will be crying while apologizing saying 'You endured enough, forgive me!' However, he won't forgive, and did even scolded him 'Uw!' But that's the most Doragon!

Ah~ Once in  
a while is  
fine? Every  
weekend's  
fine! We're  
friends after  
all~

Let's  
make a  
party  
promise!

It is so  
cute when  
willful~

Why did my  
heart even  
jump just now

End

every time the ending is always system:00. gary

Thanks for reading!

We'll continue with two chapters  
of a manga about Mary

It's basically for fun

As long as everyone can ignore small details it's fine  
Since it's as a joke
